COMMUNITY NEWS

Your Housing Dollars at Work: Investing in Our Community

We are excited to share the many improvements completed throughout the community this year, along with additional projects planned for the months ahead.

These investments help protect our homes, improve safety and comfort, and enhance the neighborhoods our residents proudly call home.

They also provide a clear example of how housing resources, including residents' BAH dollars, are reinvested to support long-term care and improvement of our community.

Recent projects include:

- Exterior home painting in the Forbes Point Community
- New roofs, fencing, driveway improvements, and road resurfacing in Crescent Harbor I
- Hardie Plank siding installations in Crescent Harbor II
- Rot repairs are underway to prepare for a future exterior painting project at Whidbey Apartments

Looking ahead, residents can expect:

- Roadway and walkway repairs in Crescent Harbor II
- Furnace replacements in Rockhill Terrace
- New sash windows in both Rockhill Terrace and Victory Park

These projects are designed to improve durability, reliability, safety, energy efficiency, and overall quality of life for our residents, and they reflect our ongoing commitment to providing quality homes and vibrant neighborhoods for military families.

Thank you for your patience and support as we continue this important work. Please note that project schedules may adjust due to weather conditions, material availability, or other operational needs.

MAINTENANCE TIPS

As the colder weather approaches, please remember to turn off the water at the outside faucets/spigots and unhook all exterior hoses. Each exterior faucet should have a spigot cover attached. The exterior spigot cover should be placed over the exterior spigot and secured using the elastic pull handle attached. These covers help prevent freezing pipes.

Free spigot covers are available through our Maintenance Self-Help Program at the Maintenance Shop, located at 2372 Robin Street, Monday through Friday from 1:00 PM to 5:00 PM.

Furnaces will soon be turning on again as temperatures continue to fall. Now is the time to replace your filters. Stop by our Self-Help store.

If you leave home, **DO NOT** turn off the heat!

Set the thermostat to 65 degrees, on auto setting. This ensures the heat remains on and prevents pipes from freezing. Please reach out to our office and advise them of your absence from residence.

TEAM UPDATES

Meet Steven Norvell, one of our Maintenance Technicians!

Steven loves hitting the trails on his mountain bike and spending time outdoors with his daughter. He loves working with the team at Whidbey to support our residents' maintenance needs. Be sure to say hi if you see him around!
